AMERILUBE RRG

AMERILUBE RRG - ROD & REEL GREASE is a super premium synthetic Rod & Reel Lubricant Protector. It is made from an advanced technology synthetic base and blended with the finest additives and waterproof thickeners to protect and lubricate all types of rods and reels.

AMERILUBE RRG is specifically formulated for Heavy Duty salt and fresh water reels and contains extra lubricity agents to give extra lubrication and protection to fishing reels and other marine equipment.

- Outstanding Stability
- Unsurpassed Water Separation
- Excellent Resistance to Water Wash Out
- Low Volatility
- Superior Penetrating Ability
- Excellent Rust Control
- Very High Film Strength
- Excellent Protection Against Salt Water

Typical Properties

Lubricant Designation	TEST METHOD	RRG
Penetration		
60 Strokes	D217	270
10,000 Strokes	D217	277
Dropping Point °F	D2265	550
Rust Test	D1743	Pass
Water Wash Out, % Loss @ 100 °F	D1264	.2
Four Ball EP (Weld) Kg	D2596	315
Load Wear Index Kg	D2266	41
Four Ball Wear, Scar mm	D2266	.55
